

CONGRATULATIONS!

As you embark on your new journey,
we invite you to **LIVE UNITED.**

ADVANCING THE COMMON GOOD.

Advancing the common good is less about helping one person at a time and more about changing systems to help us all.

We all win when children succeed in school, when families are mentally, physically and financially stable, when people are healthy and their needs taken care of.

That's why Pikes Peak United Way is focused on the building blocks for a good life:

Early Education – Promoting early learning & literacy

Family Stability – Encouraging parent education and home visitation

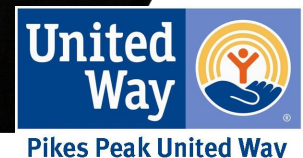

Safety Net Services – Providing resources for our community's most basic needs

Pikes Peak United Way's vision is to create the best quality of life possible for all of our citizens. So, while we're helping those who need help now, we're also creating positive and long-lasting change to advance the common good in the future.

LIVING UNITED means being a part of the change.
It takes everyone in the community
working together to create a brighter future.
Give. Advocate. Volunteer. LIVE UNITED.
