

# WHY GIVE TO PIKES PEAK UNITED WAY

## It's Local

Over 130,000 Colorado Springs residents' lives were improved last year because you cared enough to give.

## It's Efficient

Because of the generosity of our Cornerstone partners, every penny of every dollar received by Pikes Peak United Way goes directly to programs and services – not administrative or fundraising costs!

## It's Effective

Agency programs are assessed prior to and after funding to make sure your donation to the Community Fund is used to meet the greatest needs in our community and measurable results obtained.

## It's Easy

You choose the way you want to give – check, credit card or payroll deduction.

## It's Smart

Charity Navigator, America's largest independent non-profit evaluator, awarded Pikes Peak United Way its highest 4-star rating.

# Care Enough to Give

PIKES PEAK  
UNITED WAY  
AND ITS  
42 PARTNER  
AGENCIES

www.ppunitedway.org

**YOUR CONTRIBUTION CAN HELP PROVIDE INDEPENDENCE FOR A DEVELOPMENTALLY DISABLED YOUNG MAN**

*Over 270 people with aging and developmental disabilities were ensured a proper level of health care and assisted living in an environment in which they could prosper and grow.*

*... food for a growing child, trying his best to succeed in school and in life*

No child should have to worry where his or her next meal comes from, which is why you helped make sure 4,561 kids were given access to nutritious, healthy food.

*... a safe environment for a single mother and her family*

With your support, the 2-1-1 Information and Referral hotline assisted over 25,000 local residents this past year. The typical caller: a single mother in her early forties with two children living on less than \$1,000 a month.

*... warmth for a woman, much like your grandmother, living alone*

Last year over 3,900 elderly and impoverished individuals were provided insulation or heater repair and replacement, guaranteeing their safety and well being.

*... or adequate medical care for a senior whose life is in peril.*

2,739 seniors, despite living on a limited budget, were afforded quality medical care.

**MOVING INDIVIDUALS** and families from crisis to self-sufficiency... touching and changing lives... creating positive, long lasting change, that's what Pikes Peak United Way does best. But it can't be done without your support.

**YOU MAY NOT REALIZE IT,** but to those in need within our community, you really are a hero. They may not know your name or recognize your face, but they do know – **YOU CARED ENOUGH TO GIVE.**
