Background

Pikes Peak United Way responds to important community needs and problems by developing effective strategies that address the underlying causes of those problems. To achieve this ambitious goal, Pikes Peak United Way must:

- Respond to the important interests and needs of everyone in our community
- Marshal the resources of the entire community in response to those issues and needs.

Position on Inclusiveness

Pikes Peak United Way embraces inclusiveness, diversity and equal opportunity as core values. Inclusion requires actively acknowledging, respecting and responding to the diversity of our community. We understand that our community is stronger and our mission more likely to be realized when the gifts of all people are valued, embraced and maximized.

Agencies supported by United Way are strongly encouraged to reflect these core values in their missions, goals and strategic directions, as well as at all levels of organizational decision-making.

Statement of Non-Discrimination

Pikes Peak United Way seeks to engage the entire community in our work without regard to actual or perceived race, creed, color, religion, alienage or national origin, ancestry, citizenship status, age, disability or handicap, sex, marital status, sexual orientation, genetic information, arrest record, veteran status, socio-economic status, or any other characteristic protected by applicable federal, state or local laws.
