

PIKES PEAK UNITED WAY & COVID-19:
NEEDS AND RESPONSES

Since March 19th, we've served **7,225 families** through our drive-up food distributions.

We distributed over **7,500 backpacks** to students in need.

Since March, we've taken **22,446 calls** via 2-1-1 and the public health information line.

We helped deliver over **1000 boxes of food** to seniors and those without transportation.

We helped raise over **\$1 Million** for the Emergency Relief Fund, which was distributed to nonprofits helping those in need.

We've helped plan community drives to keep childcare open, provide hospitals with cleaning supplies, provide families with diapers, give students laptops and more. We've also connected volunteers with agencies who need them.

We could not do what we do without those who give their time, talent and treasure to help others. Thank you for your support!
