

Letter of Support for
**QUALITY OF LIFE INDICATORS
(QLI) PROGRAM**

Presented by Pikes Peak United Way

*From Andrew Gunning, Executive Director,
Pikes Peak Area Council of Governments*

THE PIKES PEAK AREA COUNCIL OF GOVERNMENTS (PPACG) was established to ensure that municipalities and counties across our region have a standard table for collaboration. Our work involves identifying regional challenges, developing data-informed strategies, and creating partnerships that transcend political boundaries.

The Quality of Life Indicators program reflects exactly that kind of regional coordination. It provides a shared set of measurements that help leaders across sectors understand how we're doing as a region, where we are falling short, and where collaboration is needed most.

At PPACG, we believe that effective governance begins with shared understanding. The QLI report offers a critical tool for regional planning, resource allocation, and program development. We're proud to support it and work alongside partners committed to making data-driven decisions for the good of all communities, large and small, across the Pikes Peak region.

Sincerely,

A handwritten signature in black ink, appearing to read 'A. Gunning', with a stylized flourish at the end.

Andrew Gunning
